

Dean's Regulation No. 13/2019

Support of Excellent Research at FES CZU Prague Through REES Projects

The Dean's Regulation specifies the terms and conditions under which FES CZU Prague will support excellent research through Research Excellence in Environmental Sciences projects (REES).

The condition for granting support is the submission of a project application, written in English, to the Science and Research Office.

REES project application content:

1. The general project title
2. A brief project description and justification for meeting the requirements
3. A budget for each year of the project with a short explanation of the following:
 - Personal costs
 - Material and operating costs
 - Subcontracting
 - Travel costs
 - Investments
4. The applicant's CV

Applicants who pass the first round successfully will be invited for an interview (a Skype conference is possible).

REES project funding requirements:

- Commitment to applying for ERC and GAČR grants
- Commitment to publishing in Q1, D1 and Nature Index journals

REES support offers:

- Three-year employment contract (with annual evaluation)
- Habilitation or professorship at CZU Prague

This document becomes valid on December 12, 2019.

In Prague on December 12, 2019
